NEXT GENERATION IN DAILY SMALL AREA SCRUBBING AND DRYING

The SC351 is adding next generation performance to a century of Nilfisk traditions for trusted and reliable cleaning equipment. Nilfisk SC351 is offering both forward and backward scrubbing and drying with an impressive brush pressure of 27 kg. Easy to see how useful this feature is for cleaning in crowded places, between and behind tables, shelves, furniture and in other less accessible areas. Add to that an attractive price and unmatched reliability.

Ideally suited for cleaning of hotels, schools, small shops, offices, canteens and coffee shops, SC351 is offering unique performance in a small and handy machine. Drop the mop, single disc or heavy, expensive machines and achieve remarkable results with Nilfisk SC351:

- Rotating deck enabling this compact unit to scrub and dry going either forward or backward
- 27 kg of down pressure for outstanding scrubbing effectiveness.
- Powerful brush motor to increase reliability, reduce service costs and giving superior cleaning performance
- A redesigned deck ensures reliability and increased performance with low maintenance costs
- Optima batteries available offering high productivity, constant performance, less weight and more environmental friendly with the use of less lead
- Easy brush adjustment for perfect traction control
- New squeegee system with high suction performance, and patent blade retaining system for easy removal and change of blades
- Fast and simple maintenance: All components are accessible quickly, without the need for tools
- Adjustable water flow with two optional settings.
- Brush deck with large bumper rollers and spring system for shock absorption improve reliability

”EASY
EVERYWHERE
CLEANING”

Thanks to the compact design and foldable handle, the SC351 is easy to transport and store, even when space is limited

Removable two tank system with transparent plastic lid and rubber protected handles makes them easy to carry

The unique rotating deck and 27 kg brush pressure enable SC351 to clean and dry both forward and backward reaching even the most inaccessible places

Low sound level allow daytime cleaning in sound sensitive areas

The powerful brush motor is designed for maximum reliability and cleaning performance

RELIABILITY IS ALSO OUR MANTRA WHEN IT COMES TO SERVICE

A Nilfisk machine functions optimally when cared for by regular service and maintenance visits. Therefore we have created the optimal service solution: four levels of service reflecting different requirements and an optional supply of a substitute machine in critical situations.

24-HOUR SERVICE

Full Service+ Solution

A total coverage package offering four maintenance visits a year + service at a known fixed cost. Optimal for customers with a need for extensive daily cleaning. Labour, travel expenses, spares and parts are all included.

Full Service Solution

A package offering four maintenance visits a year + service. Ideal for customers who clean daily. Labour, travel expenses and spares are included.

Standard Service Solution

This package provides two preventative maintenance visits a year. Labour and travel expenses are included.

Subscription Solution

By entering the subscription contract, the customer agrees to a minimum of one maintenance visit per year.

Ergonomic adjustable handle that easily can be folded for storage or transportation

On-board battery charger as standard

The brush and squeegee blades can easily be changed. No need for tools

Two knobs beneath the tanks allow simple adjustment of the deck angle for full traction control

Simple to use control panel with three operating-modes makes it easy to control even for beginners

Removable tanks with transparent lid for easy inspection and for fast refill and cleaning

Patent elastic strap system to easy install and remove squeegee blades without any tool

Rotating deck and integrated squeegee enable both forward and backward cleaning

High performing Polyurethane squeegee blades as standard

Large rollers and spring system for shock absorption improve reliability

TECHNICAL SPECIFICATIONS
