

Hands spread 80% of common infectious diseases*. New Tork Alcohol Gel Hand Sanitizer kills 99.9% of germs.

now dispensing better hand hygiene

New Tork S1 Alcohol Gel Hand Sanitizer

New Tork S1 Alcohol Gel Hand Sanitizer

Our new Tork S1 Alcohol Gel Hand Sanitizer has been created to dispense with germs in hygiene sensitive environments such as the healthcare, food preparation and foodservice industries. The use of a hand sanitiser provides a quick and convenient hygiene solution when water is not readily available, to minimise the risk of spreading bacteria.

The hygienic new vacuum sealed cartridge system keeps the sanitiser pure. The all-in-one cartridge prevents accidental contamination during refilling process and also makes maintenance easy. It requires just one action to activate it and then it's ready to load-and-go. It's that simple!

- Sanitises and disinfects hands quickly without water
- Conforms with EN 1500² - laboratory tested to reduce 99.9% of bacteria on hands
- The Tork S1 dispenser delivers hand sanitiser from a disposable, vacuum sealed cartridge and pump system, for improved hygiene
- Quick refilling all-in-one disposable cartridge system for easy load-and-go in just a few seconds
- High capacity system that dispenses 1ml at a time providing up to 1,000 sanitises per cartridge
- Dermatologically tested and gentle for frequent sanitising
- Contains Glycerin and Betaine for improved skin care
