HH3017 3000 psi Industrial Petrol

One of Kerrick's hottest sellers the Honda 3000 psi HH3017H leaves nothing to be desired. The industrial grade roll frame with lifting point, 13HP Honda motor and triplex pump with ceramic plungers makes this pressure washer ideal for the tough jobs and situations where industrial grade cleaning is required. Popular with the hire, construction industries due to its rugged nature, this pressure washer also has a 2:1 gear box and slow rpm pump which improve the overall product lifespan making it a solid investment. Manufactured in Australia for Australian conditions, this is a grunty unit that will give you serious value for money.

Rhino Hot Water Pressure Cleaner

Although the "baby" of the Hotshot family, the Rhino packs plenty of punch with 1750 psi and a flow rate of 11 litres per minute. Like the Hippo and the Jumbo, this high pressure cleaner is built with a powder coated steel frame and is designed to give easy access for maintenance. The stainless steel cover gives long lasting protection to your investment and the low speed Interpump ceramic plunger pump offers much longer operational life than older style high speed machines. This hot water pressure cleaner is now a firm favourite with the hire industry.

Skyvac Industrial 85

The Kerrick SkyVacuum Industrial 85 provides safe and easy gutter vacuuming solutions on a commercial and industrial scale. The powerful 2 motor wet dry vacuum quickly eats away at moss, mud and debris that builds up over time in gutters, making it ideal for heavy duty use on domestic and commercial properties, retail outlets, factories, schools, offices and hospitals. Removing the need for ladders, scaffolding and cherry pickers (which are time consuming and OH&S risks), the SkyVac gutter vacuum system allows work to be carried out at extreme heights by simply attaching the relevant poles and nozzles to the vacuum hose. Unit comes with assorted tools, wireless camera and inspection monitor to make vacuuming gutters as safe and easy as possible.
